Radtouren-Guide

Cycling through the Wachau Valley and the surrounding area

Without wasting time planning the route?

That's what I'm here for ...

- A certified bicycle tour guide (Austrian Safety Standard S 2417), I'd love to show you the most beautiful spots in the Wachau region during a wonderful bike ride, fascinating stories about the countryside and its people included.
- Would you like to explore the wider area? I'd be delighted to take you to the Waldviertel and Weinviertel regions.
- You decide the length and difficulty – on an e-bike, road or gravel bike.
- Bike hiring is also available for large groups (corporate events, club outings etc.).
- If you'd rather like a break from cycling, we could hike to stunning viewpoints and charming wine cellar lanes, where, as a qualified guide, I know my way around.

When will we meet?
